The Wellington Exempted School District ensures equal access to screening and further assessment for all district students through provision of acceptable accommodations, administration in native language where applicable, and use of appropriate instruments valid for special populations by qualified individuals. The district accepts outside testing data that is less than two years old and from an instrument on ODE's list of approved instruments. When students transfer into the district and do not have current assessment data, the student may be referred for screening and identification using referral forms available in each building. If a parent is not in agreement with the screening/assessment decision, they may appeal the decision to the district superintendent/designee. Notification of identification is sent to parents within 30 days or receipt of the assessment results. Parent reports from whole grade screening are sent following those assessments.
